ADDRESS

Thurch and State shall be separate; that men of every religious belief shall be alike in their powers and priv-dieges, that no sect shall monopolize those powers. It is now proposed that the entire and absolute control

our city Government shall be delivered to one sect, to the exclusion of all others.

Through many years and at vast expense we have developed a system of public schools of which we are justly proud. From them we expect for our children that eduation by which alone they can be qualified for the du-ies of life and the exercise of self-government. It is esential to the perpetuity of the system that the schools hould be kept non-sectarian. Surrendered to one of livided among twenty sects they would no longer be the scopic's schools, and their ruin would be accomplished is proposed at the coming election to place these schools inder the absolute control of one sect, which has for

Democratic fection citizens? Remember that the success of famminy Hall at this election would be the most ratal disaster that could beful. The Termocratic parry, because it would deliver that parry, because it would not be most account of the most party of the principles which you make the most party contests of past years so well we can be strongly a cannot be seen to past years so well we can be strongly a cannot do they not voting. He is take to his duty at an American who can't be reflected and decide and decide and the seen of the seen of the party of the cannot be a Republican, whose political belief is of not consequence empared with the important principles which will be maintained in minorical affairs by his election. Do not tail to your and to you for him, if you desire free political parties, from now scarrian government, tree and non-westuring global schools.

Adopted at the meeting of citizens, held under the following call the theory of the control of the contro
